

# College Credits

## Dual Enrollment Courses

The Shasta College Dual Enrollment Program is committed to providing students access to college level coursework and units while attending high school.

All dual enrollment courses are taught on the high school campus and the grade the students earn in the course will be the grade on their college transcript. These are challenging courses meant to prepare students for college and allow them a head start on their degree or certificate!

### Courses Offered

<u>High School Course</u>	<u>Shasta College Course</u>	<u>College Units</u>	<u>Grade Level</u>
Computer Literacy	CIS 1: Computer Literacy Workshop	3	9-12
PC Graphic Des.	CIS 73: Intro to Adobe Suites	2	9-12
PC Graphic Des.	BSOT 10: Excel for Windows	1	9-12

Viticulture	AGVIT 81: Vineyard	2	11/12
Intro Sports Med	HEOC 1: Introduction to Physical Therapy	1	11/12

### Articulated Courses (Different than dual enrolled courses)

Articulated courses are classes taught on the high school campus in which students have the opportunity to receive both high school and college credit. Students receive college credit by passing the final exam with a grade of an “A” or “B”. The grade received on the final exam is the grade placed onto the college transcript.

*Please note: \*Students could have a different grade on their high school transcript as high school courses take into account all assignments throughout the semester whereas the college transcript only takes into account the final exam grade only.*

*\*Not all colleges and universities accept Articulated course credit. Check with the colleges and universities that you plan on applying to.*

### Courses Offered

<u>High School Course</u>	<u>Shasta College Course</u>	<u>College Units</u>	<u>Suggested Grade Level</u>
AP Human Geography	GEOG 1B: Human Geography	3	9
Honors Earth Science	ESCI 17 Earth Systems Science	3	9
AP European History	HIST 1B: Western Civilization	3	10

## **Concurrent Enrollment**

Concurrent Enrollment students take college courses through Shasta College's campus either in person or online. These classes can count as both high school and college credit.

*Please Note: These grades can go on your high school and college transcripts, you'll want to make sure you do your best!*
